Go Green with E-Bills!

Did you know...you can sign up for automatic payments and/or paperless billing (e-Bill) for your Wasatch Front Waste & Recycling District bills through Xpress Bill Pay?

xpress BILL PAY

It all starts with reduction. Reduction is the foundation of “Reduce, Reuse, Recycle.” Help us reduce paper waste by signing up for e-bills today.

Switching to e-billing is a simple way to reduce waste *and* help your service dollars go further. By going paperless, you’re saving paper, reducing delivery fuel use, and helping keep costs down - every little bit makes a difference!

Signing up is quick and easy:

1. Visit www.wfwrduh.gov and click the Xpress Bill Pay link, or download the Xpress Bill Pay app.
2. Log in or create an account.
3. Click "View Bill."
4. Turn on "Paperless (On)."

That’s it, you’re all set! Join your neighbors in going paperless. It’s simple, sustainable, and smart. Sign up today!

Please note: All online payments are processed through Xpress Bill Pay. Wasatch Front Waste & Recycling District does not accept online payments directly.

Firework Safety & Disposal Tips

As we gear up for a fun-filled July full of fireworks and celebration, please keep in mind a few important safety and disposal guidelines:

- **Cool before you toss:** After use, place spent fireworks in a fire-safe container and allow them to cool completely. If possible, soak them in a small bucket of water to prevent accidental flare-ups.
- **Do not recycle:** Firework casings—even cardboard ones—cannot be recycled. They contain chemical residues and are often made from multiple materials. Once cooled, place them in your black garbage can.
- **Save or repurpose:** If you have leftover, unused fireworks, consider saving them for Pioneer Day or repurposing them responsibly.
- **Think green:** Explore environmentally friendly alternatives to fireworks, like laser light shows or LED displays.

Propane Tank Disposal

Summer means more time spent grilling and camping—but what should you do with empty propane tanks?

All propane tanks—whether large grill tanks or small 1-gallon green camping canisters—are considered Household Hazardous Waste (HHW) and should never be placed in your garbage or recycling can. These tanks pose serious safety risks during collection and processing due to the potential for explosion.

Instead, drop them off at your nearest HHW facility for proper recycling and safe disposal. These sites are free to use and ensure that hazardous materials are handled correctly.

Need help finding a location? Visit the “How to Recycle” page on our website and scroll down to “Household Hazardous Waste Disposal” for a list of nearby drop-off sites.
