Waste & Recycling District

Visit our website ([www.WFWRDUtah.gov](http://www.WFWRDUtah.gov)) to request your curbside pickup. Due to liability reasons, WFWRD staff are unable to enter homes, fenced areas, or garages. Items must be placed at the curb on your scheduled pickup day, which will be communicated in advance.

Additional items eligible for pickup (e.g., couches, large-screen TVs) may be added over time as we learn more about our community's needs.

The overwhelming majority of these items will be recycled, helping to reduce our environmental footprint and preserve valuable landfill space. Tires will be hauled to a waste tire recycling facility, mattresses and box springs to a disassembly and recovery facility, and certified specialists will safely recover freon from appliances before they are sent to a scrap metal recycling facility. It's a win-win for everyone!
